Learn to remember you got great friends,
don't forget that they will always care for you
no matter what. Always remember to smile
and look up at what you got in life.

Develop an attitude of gratitude. Say thank you to everyone you meet for everything they do for you.

Gratitude can transform common days into thanksgiving, turn routine jobs into joy, and change ordinary opportunities into blessing.

Gratitude is a quality similar to electricity: it must be produced and discharged and used up in order to exist at all.

When I started counting my blessings, my
whole life turned around.

I am happy because I am grateful. I choose to be grateful. That allows me to be happy.

There is a calmness to a life lived in gratitude, a quiet joy.

Gratitude for the present moment and the fullness of life is the true prosperity.

Dear Sponsors,

With your love and Generosity, our children find their days with a lot of blessings and are able to smile gracefully. You are the sole reason for the existence of SJDT as well as our children's happiness.
